TOUCHSTONE EXPLORATION INC.
MANAGEMENT INFORMATION CIRCULAR AND PROXY STATEMENT

PROXIES

Solicitation of Proxies

This proxy statement and information circular ("Information Circular") is furnished in connection with the solicitation of proxies by the management of Touchstone Exploration Inc. ("Touchstone" or the "Company") for use at the annual meeting (the "Meeting") of the holders ("Shareholders") of common shares ("Common Shares") of Touchstone.

The Meeting will be held at the 2nd floor of the Centrium Tower Conference Centre, 332-6th Avenue SW, Calgary, Alberta, at 2:00 p.m. (Calgary time) on May 18, 2016 and at any adjournments thereof for the purposes set forth in the Notice of Annual Meeting of Shareholders (the "**Notice of Meeting**") accompanying this Information Circular. Information contained herein is given as of April 11, 2016 unless otherwise specifically stated.

Solicitation of proxies will be primarily by mail but may also be made by telephone, facsimile, electronically or in person by directors, officers and employees of Touchstone who will not be additionally compensated. Brokers, nominees or other persons holding Common Shares in their names for others will be reimbursed for their reasonable charges and expenses in forwarding proxies and proxy material to the beneficial owners of such Common Shares. The costs of soliciting proxies will be borne by Touchstone.

Appointment and Revocation of Proxies

Enclosed herewith is a form of proxy for use at the Meeting. The persons named in the form of proxy are directors and/or officers of Touchstone. **A Shareholder submitting a proxy has the right to appoint a nominee (who need not be a Shareholder) to represent such Shareholder at the Meeting other than the persons designated in the enclosed form of proxy by inserting the name of the chosen nominee in the space provided for that purpose on the form of proxy and by striking out the printed names.**

A form of proxy will not be valid for the Meeting or any adjournment thereof unless it is signed by the Shareholder or by the Shareholder's attorney authorized in writing, or if the Shareholder is a corporation, it must be executed by a duly authorized officer or attorney thereof. To be acted upon, the proxy must be deposited with Computershare Trust Company of Canada, the registrar and transfer agent of the Company, at 8th floor, 100 University Avenue, Toronto, Ontario M5J 2Y1, or by facsimile, at 1-866-249-7775 (toll free) or 1-416-263-9524 (outside North America), by no later than 2:00 p.m. (Calgary time) on May 13, 2016 or two days (not including Saturdays, Sundays and statutory holidays observed in Calgary, Alberta) preceding the date of any adjournment.

A Shareholder who has given a proxy may revoke it prior to its use, in any manner permitted by law, including by instrument in writing executed by the Shareholder or by his or her attorney authorized in writing or, if the Shareholder is a corporation, executed by a duly authorized officer or attorney thereof and deposited at the registered office of the Company at any time up to and including the last day (not including Saturdays, Sundays and statutory holidays observed in Calgary, Alberta) preceding the day of the Meeting, or any adjournment thereof, at which the proxy is to be used or with the chairman of the Meeting on the day of the Meeting or any adjournment thereof.

Advice to Beneficial Holders of Common Shares

The information set forth in this section is of significant importance to many Shareholders, as a substantial number of Shareholders do not hold Common Shares in their own name. Shareholders

who do not hold their Common Shares in their own name (referred to in this Information Circular as "**Beneficial Shareholders**") should note that only proxies deposited by Shareholders whose names appear on the records of Touchstone as the registered Shareholders can be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a Shareholder by a broker, then in almost all cases those Common Shares will not be registered in the Shareholder's name on the records of Touchstone. Such Common Shares will more likely be registered under the names of the Shareholder's broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of "CDS & Co." (the registration name for CDS Depository and Clearing Services Inc., which acts as nominee for many Canadian brokerage firms). Common Shares held by brokers or their agents or nominees can only be voted (for or against resolutions) upon the instructions of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting Common Shares for the broker's clients. **Therefore, Beneficial Shareholders should ensure that instructions respecting the voting of their Common Shares are communicated to the appropriate person.**

Applicable regulatory policy requires intermediaries/brokers to seek voting instructions from Beneficial Shareholders in advance of Shareholders' meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. Often, the form of proxy supplied to a Beneficial Shareholder by its broker is identical to the form of proxy provided to registered Shareholders; however, its purpose is limited to instructing the registered Shareholder how to vote on behalf of the Beneficial Shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Services Inc. ("**Broadridge**"). Broadridge typically mails a scanable voting instruction form in lieu of the form of proxy. The Beneficial Shareholder is requested to complete and return the voting instruction form to them by mail or facsimile. Alternatively, the Beneficial Shareholder can call a toll-free telephone number or visit www.proxyvote.com to vote the Common Shares held by the Beneficial Shareholder. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting. A Beneficial Shareholder receiving a voting instruction form cannot use that voting instruction form to vote Common Shares directly at the Meeting as the voting instruction form must be returned as directed by Broadridge well in advance of the Meeting in order to have the Common Shares voted.

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of his or her broker (or agent of the broker), a Beneficial Shareholder may attend at the Meeting as proxyholder for a registered Shareholder and vote the Common Shares in that capacity. Beneficial Shareholders who wish to attend at the Meeting and indirectly vote their Common Shares as proxyholder for a registered Shareholder should enter their own names in the blank space on the instrument of proxy provided to them and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker (or agent), well in advance of the Meeting.

Voting of Proxies

All Common Shares represented at the Meeting by properly executed proxies will be voted or withheld from voting on any matter that may be called for and, where a choice with respect to any matter to be acted upon has been specified in the accompanying form of proxy, the Common Shares represented by the proxy will be voted or withheld from voting in accordance with such instructions. **In the absence of any such instruction, the persons whose names appear on the printed form of proxy will vote in favour of all the matters set out thereon. The enclosed form of proxy confers discretionary authority upon the persons named therein. If any other business or amendments or variations to matters identified in the Notice of Meeting properly come before the Meeting then discretionary authority is conferred upon the person appointed in the proxy to vote in the manner he/she sees fit, in accordance with his/her best judgment.**

At the time of the printing of this Information Circular, the management of Touchstone know of no such amendment, variation or other matter to come before the Meeting other than the matters referred to in the Notice of Meeting.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

The board of directors of Touchstone (the "**Board**") has fixed April 11, 2016 as the record date. Shareholders at the close of business on April 11, 2016 are entitled to receive notice of the Meeting and to vote thereat or at any adjournments thereof on the basis of one vote for each Common Share held, except to the extent that: (i) a registered Shareholder has transferred the ownership of any Common Shares subsequent to April 11, 2016; and (ii) the transferee of those Common Shares produces properly endorsed share certificates, or otherwise establishes that he or she owns the Common Shares and demands, not later than ten (10) days before the Meeting, that his or her name be included on the list of persons entitled to vote at the Meeting, and in which case, the transferee shall be entitled to vote such Common Shares at the Meeting. The transfer books will not be closed.

The Company is authorized to issue an unlimited number of Common Shares without nominal or par value. As of the date hereof, 83,087,143 Common Shares are issued and outstanding as fully paid and non-assessable shares in the capital of the Company.

The holders of Common Shares are entitled to one vote per Common Share at meetings of shareholders, to receive any dividend when declared by the Board and to receive *pro rata* upon liquidation, dissolution or winding-up of the Company, and the remaining property of the Company upon dissolution.

The Company has not declared or paid dividends on the Common Shares since incorporation. The decision made by the Board to pay dividends from time to time will be based upon, among other things, the level of cash flow, results of operations and financial condition, the need for funds to finance ongoing operations and other business and legal considerations as the Board considers relevant.

To the best of the knowledge of the directors and officers of the Company, as of the date hereof, Polar Asset Management Partners Inc. hold 14,719,000 Common Shares, representing approximately 17.7% of the Common Shares of the Company. Orbis Investment Management Ltd. hold 8,794,373 Common Shares, representing approximately 10.6% of the Common Shares of the Company. There are no other persons or companies who beneficially own, directly or indirectly, or control or direct Common Shares carrying 10% or more of the voting rights attached to all of the Common Shares.

THE BUSINESS OF THE MEETING

Receipt of the Financial Statements and Auditors' Report

The audited consolidated financial statements of Touchstone for the year ended December 31, 2015, together with the report of the current auditor thereon, will be placed before you at the Meeting. Between annual general meetings, the directors have the authority to fill casual vacancies that may from time to time exist, or appoint additional directors

COMPENSATION DISCUSSION AND ANALYSIS

The following disclosure is provided pursuant to Form 51-102F6 - *Statement of Executive Compensation*.

The purpose of this Compensation Discussion and Analysis is to provide information about Touchstone's executive compensation objectives and processes and to discuss compensation decisions relating to its named executive officers ("**Named Executive Officers**" or "**NEOs**"). Form 51-102F6 - *Statement of Executive Compensation* defines NEOs as the Chief Executive Officer, the Chief Financial Officer and each of Touchstone's three most highly compensated officers other than the Chief Executive Officer and Chief Financial Officer whose total compensation was more than \$150,000.

The Compensation Committee is charged with the establishment, execution and periodic review of the Company's compensation program and the compensation and performance standards for the NEOs. The Board believes the Compensation Committee collectively has the knowledge, experience and background required to fulfill its mandate.

The mandate of the Compensation Committee requires that the majority of the members of the Compensation Committee be comprised of independent directors, and that the Chairman and less than one third of the members of the Committee shall be serving Chief Executive Officers of any reporting issuer. The Compensation Committee complies with the mandate. Compensation Philosophy and Objectives

Touchstone's compensation program is founded on the principle that compensation should be aligned with Shareholders' interests while also recognizing that Touchstone's corporate performance is dependent upon retaining experienced and committed directors, executive officers and employees who have the necessary skills, experience and personal qualities required to manage Touchstone's business. The compensation policies are designed to attract and retain experienced personnel, to motivate their performance in order to achieve Touchstone's strategic objectives and to align the interests of executive officers and other employees with the long term interests of Shareholders and enhancement in share value.

The Compensation Committee together with the Board generally each use their experience and judgement in determining an overall compensation package for the executive officers with reference to similar sized companies based upon such factors as revenue, total assets, free cash flow, geographical location, capital expenditures and number of employees. It is recognized that the executive compensation program must be sufficiently flexible in order to adapt to unexpected developments in the oil and gas industry and the impact of internal and market related occurrences from time to time.

Compensation Components

Touchstone's compensation program is structured into three main components: base salary, bonus, and long-term incentives. Long-term incentives include Stock Options (as defined herein) granted pursuant to the Stock Option Plan (as defined herein) and Incentive Shares (as defined herein) granted pursuant to the Incentive Share Plan (as defined herein). Touchstone believes that each component provides a valuable contribution to Touchstone's overall compensation objectives.

Decision Making Process

When determining executive compensation, including the assessment of the competitiveness of Touchstone's compensation program, management and the Compensation Committee review the compensation practices of various companies of a similar size, scope and complexity in the international oil and gas industry. In arriving at recommendations for executive compensation, including the assessment of the competitiveness of Touchstone's compensation practices, compensation information

reviewed includes that available in the public domain, through private conversation and from widely available compensation surveys and studies. Additional information in respect to certain positions is also obtained through and during the competitive hiring process of new executives.

In arriving at base salaries and Stock Option grants for executive officers of Touchstone, other than the Chief Executive Officer, Touchstone's Chief Executive Officer makes recommendations to the Compensation Committee, which then reviews and considers the recommendations with reference to the information it has available and determines whether to accept the recommendations or make any changes. The Compensation Committee determines its recommendation with respect to compensation of the Chief Executive Officer in consultation with the other independent directors and in certain circumstances informal consultation with the Chief Executive Officer. In the case of Stock Option and Incentive Share grants, the Compensation Committee, in consultation with the Chief Executive Officer, makes a recommendation to the Board for consideration and approval.

Base Salary

Base salary is compensation for discharging job duties and responsibilities and reflects the level of skills and capabilities demonstrated by the NEO. The Board seeks to set base salary at a level competitive enough to represent fair compensation and/or the replacement of an individual in the marketplace. For all employees, including executives, annual salary adjustments are considered by the Board annually but are not guaranteed. Any potential adjustments include consideration for both individual performance and market conditions.

Variable Cash Incentive Awards – Bonuses

Annual bonuses encourage and reward performance over the financial year and reflect progress toward corporation-wide performance objectives and individual executive objectives. The Compensation Committee's philosophy with respect to executive bonuses is to align the issuance of bonuses with the performance of Touchstone and the performance of each individual executive. For 2015, bonuses were determined by the Compensation Committee on the basis of the performance measures set forth below under the heading "*Goals and Annual Performance*". Bonus amounts are typically evaluated and paid in the first quarter of each financial year in relation to the performance of the executive for the prior year.

Long-term Incentive Plans

Touchstone uses its Stock Option Plan and Incentive Share Plan as a part of its long-term compensation strategy for its executives. Stock Options and Incentive Shares are intended to align executive and Shareholder interests by attempting to create a direct link between compensation and shareholder return as measured through the price of Common Shares. An annual grant of Stock Options and Incentive Shares is typically made to executives based on individual and corporate performance and taking into consideration, as a reference point, the amount of share-based compensation that would be considered competitive in relation to Touchstone's Compensation Peer Group (as defined below). Additional grants of Stock Options or Incentive Shares may be made periodically to recognize the exemplary performance of certain executives. Previous grants are taken into account when considering new grants.

Touchstone's Stock Option Plan and Incentive Share Plan are described in detail in this Information Circular under the headings "*Securities Authorized for Issuance under Equity Compensation Plans – Stock Option Plan*" and "*Securities Authorized for Issuance under Equity Compensation Plans – Incentive Share Plan*".

Group Benefits/Perquisites

The Compensation Committee believes that the perquisites for NEOs should be limited in scope and value and be commensurate with perquisites offered by the Compensation Peer Group (as defined below). Touchstone provides its NEOs a company paid parking stall, the cost of which averaged approximately \$7,000 per year per NEO in 2015, and additional executive only insurance programs, the

cost of which is disclosed under the heading "Summary Compensation Table" under the column titled "All Other Compensation".

Employee Share Ownership Plan

Touchstone has an employee share ownership plan ("**ESOP**") pursuant to which all permanent full-time and part-time employees of Touchstone may contribute from 3% to 5% of their gross annual salary to the ESOP, with Touchstone matching the contribution initially on a 100% basis, and thereafter on a pre-defined basis. Touchstone's matching contribution increases after twenty-four (24) months of the employee's participation to 150% and after sixty (60) months of participation to 200%. Touchstone, through an appointed independent firm, uses the contributions to acquire Common Shares on behalf of the employees through open market purchases at the current market price on the TSX. Touchstone's executives are eligible to participate in the ESOP on the same basis as all other employees of Touchstone. For the year ended December 31, 2015, approximately \$48,000 was contributed by Touchstone to match the contributions of the NEOs.

Pay for Performance

The Compensation Committee has a pay-for-performance compensation philosophy and directly links executive officer pay to individual performance of executive officers and overall corporate performance. This is a non-formulaic approach which provides the necessary flexibility to incentivize the Company's executive team in changing market and industry conditions. This methodology is continuously evaluated to ensure executive officer compensation is linked appropriately with both the performance of the Company and the performance of the individual executive officer.

The individual performance of Touchstone's employees, including executives, is evaluated on an annual basis, using the rating system set forth in the table below.

Rating	Description of rating as it applies to employee and executive performance
5	Greatly exceeds all expectations. Recognition is warranted for having consistently exceeded job requirements and goals while being a role model for demonstration of business competencies. Exceptional value added to the Company, considering role. Strong collaborator, team player and a positive leader and mentor in the organization. The employee is fully aligned and demonstrates the Company's values.
4	Exceeds all expectations. Consistently exceeded job requirements, goals and business competencies. Deserves recognition for substantial value added to the Company, considering role. To be in this category the employee must also be a strong fit with the Company's values.
3	Consistently meets and occasionally exceeds expectations. Job requirements and goals are met and often exceeded. Must exceed in at least one of the objectives and be directly aligned with the Company's values.
2	Performance is slightly below average with improvements required to move into the next grouping and/or the employee is not fully aligned with the Company's values. An individual that most of the time will meet the objectives but requires support and direction.
1	Performance is poor with the employee unable to meet expectations and/or the individual is a poor fit with the Company's values.

On an annual basis, the overall corporate performance of the Company is evaluated, and in conjunction with the evaluation of each executive's individual performance, is used to calculate the bonus and amount of share based compensation, if any, awarded to each executive. The corporate weighting increases as job responsibilities grow, so that the weighting towards corporate performance measures is greater for higher levels of the organization. For executives, the expectation is that individual performance has a significant impact on the organization; therefore, the determination of executive compensation is largely weighted towards corporate performance measures over individual performance.

2015 Compensation Process

The compensation program is administered by the Compensation Committee. With respect to 2015 compensation, the Compensation Committee held one (1) meeting, and a number of informal meetings via teleconference, and certain matters relating to compensation were approved by unanimous written resolution of the Compensation Committee or the Board, where applicable. The Compensation Committee also held one (1) meeting in early 2016 with respect to 2016 salaries, bonus amounts and long-term incentive compensation of the executives of Touchstone relating to the performance of Touchstone and individual executives for the 2015 year.

The Compensation Committee reports to the Board as a whole on the major items covered at each Compensation Committee meeting. While the Compensation Committee does not have scheduled "*in camera*" sessions, the Compensation Committee meets "*in camera*" without any members of management of Touchstone present at the end of every meeting.

The Compensation Committee, in consultation with the President and Chief Executive Officer, establishes base salaries, cash bonuses, share-based compensation and benefits for the executives. Each component of compensation is determined on an individual executive basis. The President and Chief Executive Officer of Touchstone typically attends meetings of the Compensation Committee but does not have the right to vote on any matter before the Compensation Committee.

The Compensation Committee retains and does not delegate any of its power to determine matters of executive compensation and benefits, although the Compensation Committee does consider compensation and benefit proposals made to the Compensation Committee by the President and Chief Executive Officer of Touchstone. The Compensation Committee reports to the Board on the major items covered at each Compensation Committee meeting.

In addition, the Compensation Committee may consider compensation surveys completed by independent third parties when making certain decisions with respect to executive compensation. While the Compensation Committee may rely on external information and advice, all of the decisions with respect to executive compensation are made by the Compensation Committee and may reflect factors and considerations other than, or that may differ from, the information and recommendations provided by independent third party surveys and compensation consultants.

For executives, the Compensation Committee uses a compensation program based on an assessment of the overall corporate performance of Touchstone, an assessment of overall performance of Touchstone relative to the performance of the Compensation Peer Group (set forth below) and the achievements and overall contribution of each individual executive. The evaluation of each executive also includes a review of the executive's execution of on-going projects and progress on growth and other initiatives.

Goals and Annual Performance

Touchstone's goals and objectives for 2015 focused on enhancing corporate and operational performance, which are considered key drivers of shareholder value and confidence. Quantitative measures included, but were not limited to, maintaining Trinidad commercial production levels, selling non-core oil and gas assets, reducing operating costs, increasing reserves and ensuring positive cash flow in a low commodity price environment. Qualitative measures included maintaining and improving Touchstone's environmental and safety record, improving Touchstone's internal and external records and reporting functions, and enhancing Touchstone's organizational structure to create a culture of high performance, leadership development and employee attraction and retention.

In evaluating the overall Company performance, the Compensation Committee took into account the following factors and applicable weightings:

- production improvement;
- banking and finance administration;
- lands and related acquisitions and non-core dispositions;
- reduction in drilling and recompletion costs;
- consideration of annual recycle ratio; and
- reduction in operating costs.

After consideration of the 2015 goals and related Company performance, the Compensation Committee further considered 2015 industry and operational challenges and used its discretion to award variable cash incentive awards of \$65,000 to Company officers for 2015. The annual incentive awards were paid in March 2016.

The Compensation Committee will annually address the factors that are used to measure performance taking into account changing circumstances that may include but are not limited to, changes in commodity prices and capital market volatility. Although Touchstone sets goals on an annual basis, the Compensation Committee will consider changing industry and operational circumstances, opportunities and unanticipated challenges as they arise that may require a modification of the goals and objectives and a desired shift in the focus of the executives to these changed goals and objectives. Should these situations arise, the Compensation Committee will have regard to the changing landscape of Touchstone's operations when determining whether Touchstone and the individual executive have met the goals set and what factor the goals set will have in determining executive compensation.

Compensation Peer Group

The Compensation Committee considers comparable compensation data from internationally focused companies that are generally of similar size and scope and that may represent the market in which Touchstone competes for executive talent.

Given the nature of Touchstone's business strategy and operations, peer companies (the "**Compensation Peer Group**") are varied. The composition of the Compensation Peer Group is reviewed annually by the Compensation Committee for its ongoing business relevance to Touchstone. For the year ended December 31, 2015, the Compensation Peer Group surveyed were: Americas Petrogas Inc., CGX Energy Inc., Crown Point Energy Inc., Eco (Atlantic) Oil and Gas Ltd., Leni Gas and Oil Plc, Petromanas Energy Inc., PRD Energy Inc., Sea Dragon Energy Inc., Sintana Energy Inc., Trinity Exploration and Production Plc and Valeura Energy Inc.

The factors assessed by the Compensation Committee in determining the Compensation Peer Group included operational and geographical focus, market capitalization, total revenue, total assets, cash flow, total level of capital expenditures, number of employees and daily production levels. The compensation data from the Compensation Peer Group provides an initial reference point for the Compensation Committee.

The Compensation Committee will continue to monitor and adjust the Compensation Peer Group to reflect both changes in the markets and changes at Touchstone as it continues to execute its program of growth.

Risk Assessment and Oversight

The Compensation Committee considers the implications of the risks associated with Touchstone's compensation policies and practices. The Compensation Committee's role of approving the compensation policies and practices includes considering whether the compensation policies and practices could encourage a Named Executive Officer to take inappropriate or excessive risks. Based on the experience of the Compensation Committee in compensation matters, the Compensation Committee

did not identify any risks arising from Touchstone's compensation policies and practices that would reasonably be likely to have a material adverse effect on Touchstone. This assessment was based on a number of considerations, including the following:

- base salaries provide a steady income regardless of share price performance, allowing executives and employees to focus on both near-term and long-term goals and objectives without undue reliance on short-term share price performance or market fluctuations;
- cash bonuses are based on performance measures designed to contribute to long-term value creation;
- Stock Options and Incentive Shares typically vest over a number of years, motivating the achievement of long-term sustainable objectives and aligning executives with the interests of Shareholders; and
- although annual performance goals are established, the Compensation Committee does not solely focus on achievement of narrowly focused performance goals and retains adequate discretion to apply business judgement to assess the overall execution of the long-term business plan and adherence to Touchstone's corporate vision and values.

Hedging Activities

Touchstone's disclosure, confidentiality and trading policy (the "**Disclosure, Confidentiality and Trading Policy**") includes a provision that prohibits directors, officers and employees of Touchstone from purchasing and selling certain derivatives in respect of any security of Touchstone. This includes purchasing "*puts*" and selling "*calls*" on Touchstone's securities, as well as a prohibition on short selling Touchstone's securities. Aside from these prohibitions, Touchstone does not have a policy specifically pertaining to other financial instruments including prepaid variable forward contracts, equity swaps, collars, or units of exchange funds, which are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by an executive officer or director. Any transactions of this nature are subject to insider reporting requirements and are reported on the System for Electronic Disclosure by Insiders ("**SEDI**").

Equity Ownership Guidelines

Although the directors and officers of Touchstone have always been encouraged to invest in Touchstone and have historically maintained high levels of equity ownership, Touchstone has in place equity ownership guidelines for all of Touchstone's directors and officers. The equity ownership guidelines encourage directors and officers to achieve and maintain an ownership level in Touchstone that the Compensation Committee views as significant in relation to annual salary or base retainer. The current guidelines require the President and Chief Executive Officer to maintain an equity ownership in Touchstone of five (5) times his annual salary. The equity ownership guidelines for the remainder of the officers is two (2) times their annual salary. For directors, the ownership guidelines require each director to hold an equity interest having a value at least equal to three (3) times their annual base retainer, with a minimum value of \$50,000. The level of equity ownership is based on the original cost of the Common Shares and can be achieved through the ownership of Common Shares and Common Shares held notionally in vested Stock Options and vested Incentive Shares. Existing directors and officers have three (3) years from May 13, 2014 to meet their applicable level of equity ownership.

Touchstone believes that its directors can better represent Shareholders if they are Shareholders themselves and that equity ownership in Touchstone promotes a greater alignment of interests between the non-employee directors and Shareholders.

The following table sets out the equity ownership guidelines and equity ownership levels calculated in accordance with the equity ownership guidelines, for each of Touchstone's officers and directors subject to such guidelines, as at April 11, 2016.

(formerly PetroBakken Energy Ltd.) (the "**PetroBakken Reorganization**"). Prior to the business combination occurring May 13, 2014, between Touchstone Exploration Inc. (formerly Petrobank Energy and Resources Ltd.) and Touchstone Energy Inc. (formerly Touchstone Exploration Inc.) (the "**Touchstone Arrangement**"), the Common Shares traded under the symbol "PBG". All Common Share prices were adjusted to reflect the two for one Common Share consolidation completed on May 13, 2014. The trend shown in the performance graph does not necessarily correspond to the Company's compensation of the NEOs for the period disclosed above. The Company considers a number of factors in connection with its determination of appropriate levels of compensation including, but not limited to, the demand for and supply of skilled professionals with experience in the oil and gas industry, individual performance, the Company's performance (which is not necessarily tied exclusively to the trading price of the Common Shares on the TSX) and other factors discussed under the heading "*Compensation Discussion and Analysis*".

The trading price of the Common Shares on the TSX is subject to fluctuation based on a number of factors, many of which are outside the control of the Company. These include, but are not limited to, fluctuations and volatility in commodity prices for crude oil and natural gas, global economic conditions, changes in government, environmental policies, legislation and royalty regimes, and other factors, some of which are disclosed and discussed under the heading "*Risk Factors*" in the Company's Annual Information Form dated March 24, 2016.

Pension Plan Benefits

Touchstone does not provide any form of pension plan compensation or other retirement benefits for its directors, officers and employees.

Termination and Change of Control Benefits and Payments

The Company recognizes that its executives are critical to Touchstone's ongoing business. It is therefore vital for the Company to retain the services of each executive, protect them from employment interruption caused by a change in control of the Company and to treat them in a fair and equitable manner. Touchstone entered into employment agreements (the "**Agreements**" and each an "**Agreement**") with the following NEOs:

- Paul R. Baay – effective May 13, 2014;
- Scott Budau – effective May 13, 2014; and

Each of these Agreements provide for an indefinite term of employment. Each Agreement may be terminated by: (i) Touchstone giving notice of termination (other than just cause) to the NEO; or (ii) the executive giving 120 calendar days' written notice of termination to Touchstone; or (iii) the executive giving notice of termination to Touchstone following a Change in Control (as defined below).

In the event Mr. Baay's employment is terminated by Touchstone without cause or with Good Reason (as defined in the Agreement), Touchstone shall pay Mr. Baay a lump sum payment equal to 2.0 times his base salary and 2.0 times the average total bonus for the prior two (2) service years. Mr. Baay shall have the right, for six (6) months following a Change of Control, to terminate his employment, subject to the existence of a Good Reason. If Mr. Baay exercises this right, he shall be entitled to a lump sum payment equal to 2.0 times his base salary and 2.0 times the average total bonus received by Mr. Baay for the prior two service years.

In the event Mr. Budau's or Mr. Shipka's employment is terminated by Touchstone without cause or with Good Reason, Touchstone shall pay Mr. Budau or Mr. Shipka, as applicable, a lump sum payment equal to 1.5 times their base salary and 1.5 times the average total bonus for the prior two (2) service years. If this right is exercised, they shall be entitled to a lump sum payment equal to 1.5 times their base salary and 1.5 times the average total bonus for the prior two (2) service years.

Under the Agreements, a "Change of Control" is defined as:

- any change in the holding, direct or indirect, of the shares of Touchstone as a result of which a person, or group of persons acting jointly or in concert within the meaning of the *Securities Act* (Alberta), are in a position to exercise effective control of Touchstone; or
- any transaction that the majority of the Board deems to be a Change of Control with respect to Touchstone, and any such determination shall be binding and conclusive for all purposes of the Agreement; or

 - the sale, lease or other disposition of all or substantially all of the assets of Touchstone.

Other than as disclosed herein, Touchstone is not a party to any contract, agreement, plan or arrangement with its NEOs that provide for payments to NEOs at, following, or in connection with any termination (whether voluntary, involuntary or constructive), resignation or retirement, or as a result of a change in control of Touchstone or a change in a NEOs responsibilities.

The following table sets forth the details of the estimated incremental payments, benefits due to each of the NEOs (other than those who are no longer employed with the Company) that would have arisen upon a termination on December 31, 2015, pursuant to the terms and conditions of their Agreements:

Name	Salary component (\$) ⁽¹⁾	Bonus component (\$) ⁽²⁾	Benefits (\$)	Total incremental obligations (\$)
Paul R. Baay	620,000	145,000	Nil	765,000
Scott Budau	330,000	78,750	Nil	408,750
James Shipka	330,000	78,750	Nil	408,750

Notes:

1. This figure is calculated by multiplying the NEOs annual salary by the applicable multiple set forth in the Agreements.
2. The annual incentive plan bonuses for 2015 were not paid out until March 2016. However, 2015 bonuses are included in the bonus component calculation above based on the assumption that they would have been included in the NEOs incremental compensation should there have been a termination on December 31, 2015 due to termination without cause, resignation for Good Reason or a Change of Control.

1. The value of unexercised in-the-money Stock Options is calculated for outstanding vested and unvested Stock Options based on the difference between the noted exercise price for the applicable grant and the closing price of Common Shares on the TSX on December 31, 2015, being \$0.15.
2. The value of Incentive Shares that have not yet vested is calculated based on the difference between the noted exercise price for the applicable grant and the closing price of the Common Shares on the TSX on December 31, 2015, being \$0.15.
3. The value of Incentive Shares that have vested, but have not been paid out or distributed, is calculated based on the difference between the noted exercise price for the applicable grant and the closing price of the Common Shares on the TSX on December 31, 2015, being \$0.15.

All Stock Options granted by Touchstone to its directors during the most recent completed fiscal year vest in three (3) instalments on each of the first, second and third anniversaries of the date of grant and the exercise price represented the volume weighted average trading price per Common Share for the five (5) consecutive trading days ending on the last trading day preceding the date of the grant date.

The following sets forth, for each director, the value of option-based awards and share-based awards which vested during the year ended December 31, 2015 and the value of non-equity incentive plan compensation earned during the year ended December 31, 2015.

Stock Option Plan

Options to purchase Common Shares ("**Stock Options**") were first issued in January 2013 pursuant to a revised stock option plan (the "**Stock Option Plan**") which is described as follows.

The purpose of the Stock Option Plan is to provide the employees, directors, officers and consultants of Touchstone and its subsidiaries (in this section, collectively the "**Participants**") with an opportunity to purchase Common Shares and to benefit from the appreciation thereof. This provides an increased incentive for the Participants to contribute to the future success and prosperity of Touchstone, thus enhancing the value of Common Shares for the benefit of all Shareholders and increasing the ability of Touchstone to attract and retain individuals of exceptional skill.

The Stock Option Plan is administered by the Board, but the Board may delegate administration to a committee of not less than three (3) directors. The Board may, from time to time, adopt such rules and regulations for administering the Stock Option Plan as it may deem proper and in the best interests of Touchstone, and may, subject to applicable law, delegate its Stock Option Plan powers to a committee of the Board.

Under the Stock Option Plan, the Board may, from time to time, grant Stock Options to purchase Common Shares to such Participants as it chooses and, subject to the restrictions described below, in such numbers as it chooses.

The aggregate number of Common Shares that may be reserved for issuance at any time under the Stock Option Plan, together with any Common Shares reserved for issuance under any other share compensation arrangement implemented by Touchstone (including the Incentive Share Plan), is equal to 10% of Common Shares (on a non-diluted basis) outstanding at that time.

In addition, any grant of Stock Options under the Stock Option Plan is subject to the following restrictions:

- the aggregate number of Common Shares reserved for issuance pursuant to Stock Options granted to any one person, when combined with any other share compensation arrangement (including the Incentive Share Plan), may not exceed 5% of Touchstone's outstanding Common Shares (on a non-diluted basis);
- the aggregate number of Common Shares reserved for issuance pursuant to Stock Options granted to Insiders (as defined in the TSX Company Manual) pursuant to the Stock Option Plan, when combined with any other share compensation arrangement (including the Incentive Share Plan), may not exceed 10% of Touchstone's outstanding Common Shares (on a non-diluted basis);
- the aggregate number of Common Shares issued within any one-year period to Insiders (as defined by applicable Canadian securities laws) pursuant to Stock Options, when combined with any other share compensation arrangement (including the Incentive Share Plan), may not exceed 10% of Touchstone's outstanding Common Shares (on a non-diluted basis); and
- the aggregate number of Common Shares reserved for issuance pursuant to Stock Options granted to directors of Touchstone that are not officers or employees of Touchstone, when combined with any other share compensation arrangement (including the Incentive Share Plan), may not exceed 1% of Touchstone's outstanding Common Shares (on a non-diluted basis).

The exercise price of each Stock Option will be fixed by the Board when the Stock Option is granted, provided that such price shall not be less than the volume weighted average trading price per share on the TSX for the five (5) consecutive trading days ending on the last trading day preceding the date that the Stock Option is granted.

A Stock Option must be exercised within ten (10) years from the date of grant, or such other date set by the Board. The vesting period or periods of Stock Options granted under the Stock Option Plan are

determined by the Board at the time of grant. The Board may, in its sole discretion at any time, accelerate vesting of Stock Options previously granted.

Participants may exercise vested Stock Options by providing a notice in writing signed by the Participant to Touchstone together with payment in full of the exercise price for the Common Shares that are the subject of the exercise. A Participant may offer to dispose of vested Stock Options to Touchstone for cash in an amount not to exceed the fair market value thereof, and Touchstone has the right, but not the obligation, to accept the Participant's offer.

The Stock Option Plan provides that appropriate adjustments in the number of Common Shares subject to the Stock Option Plan, the number of Common Shares optioned and the exercise price shall be made by the Board to give effect to adjustments in the number of Touchstone's outstanding Common Shares resulting from subdivisions, consolidations or reclassifications of the Common Shares, the payment of stock dividends by Touchstone (other than dividends in the ordinary course) or other relevant changes in the authorized or issued capital of Touchstone.

Stock Options granted to Participants are non-assignable

In the event of the Participant ceasing to be a director, officer, employee or consultant of Touchstone or its subsidiaries for any reason other than death (including the resignation or retirement of the Participant as a director, officer or employee of Touchstone, or the termination by Touchstone of the employment of the Participant or the termination by Touchstone or the Participant of the consulting arrangement with the Participant), unvested Stock Options shall cease and terminate on the date notice of ceasing to be a director, officer, employee or consultant is given, and vested Stock Options held by such Participant shall cease and terminate and be of no further force or effect on the earlier of the expiry time of the Stock Option and the 30th day following: (i) the effective date of such resignation or retirement; (ii) the date the notice of termination of employment is given by Touchstone; or (iii) the date the notice of termination of the consulting agreement is given by Touchstone or the Participant, as the case may be. Notwithstanding the foregoing, in the event of termination for cause, such Stock Option shall cease and terminate immediately upon the date notice of termination of employment for cause is given by Touchstone and shall be of no further force or effect whatsoever as to the Common Shares in respect of which Stock Option has not previously been exercised.

If a Participant dies, the legal representatives of the Participant may exercise the Stock Options held by the Participant within a period after the date of the Participant's death as determined by the Board, provided that such period shall not extend beyond six (6) months following the death of the Participant or exceed the expiry date of such Stock Option.

In the event that a change of control of Touchstone, as defined in the Stock Option Plan, is contemplated or has occurred, all Stock Options that have not otherwise vested in accordance with their terms shall vest and be exercisable at such time as is determined by the Board for a period of time ending on the earlier of the expiry of the Stock Option and the 30th day following the change of control.

The Board may amend the Stock Option Plan and any Stock Options granted thereunder in any manner, or discontinue it at any time, without Shareholder approval, provided that:

- the consent of the applicable Participants must be obtained for any amendment that would adversely affect any outstanding Stock Options; and
- the approval of the Shareholders present and voting in person or by proxy at a meeting of shareholders must be obtained for any amendment that would have the effect of:
 - increasing the maximum percentage of Common Shares that may be reserved for issuance under the Stock Option Plan;
 - increasing the maximum percentage of Common Shares that may be reserved for issuance under the Stock Option Plan to non-employee directors, Insiders or any one person;

- increasing the maximum percentage of Common Shares that may be issued under the Stock Option Plan within any one-year period to Insiders;
- changing the amendment provisions of the Stock Option Plan;
- changing the terms of any Stock Options held by Insiders;
- reducing the exercise price of any outstanding Stock Option (including the reissue of a Stock Option within 90 days of cancellation which constitutes a reduction in the exercise price);
- amending the definition of Participants to expand the categories of individuals eligible for participation in the Stock Option Plan;
- extending the expiry date of an outstanding Stock Option or amending the Stock Option Plan to allow for the grant of a Stock Option with an expiry date of more than ten years from the grant date; or
- amending the Stock Option Plan to permit the transferability of Stock Options, except to permit a transfer to a family member, an entity controlled by the Participant or a family member, a charity or for estate planning or estate settlement purposes.

In the event that any Stock Option expires during, or within two (2) business days after, a self-imposed blackout period on trading securities of Touchstone, such expiry date will be deemed to be extended to the tenth day following the end of the blackout period.

Incentive Share Plan

The purpose of Touchstone's incentive share plan (the "**Incentive Share Plan**") is to provide an effective incentive for the employees, directors, officers and service providers of Touchstone and its affiliates and such other persons determined by the Board (in this section, collectively the "**Participants**") to promote the success and business of Touchstone and its affiliates, and to reward such Participants in relation to the long-term performance and growth of Touchstone by encouraging ownership of Common Shares.

Compensation is payable pursuant to the Incentive Share Plan in the form of a grant of Incentive Shares. Under the Incentive Share Plan, the Board (or a committee of the Board that has been delegated the authority to administer the Incentive Share Plan) may grant "**Incentive Shares**" to such Participants as it chooses in such numbers as it chooses. The Incentive Shares vest over time and, upon vesting, each one vested Incentive Share is entitled to be redeemed for one Common Share.

Incentive Shares will vest over time in accordance with the vesting provisions set forth in the incentive agreement between the Participant and Touchstone. A Participant will not be entitled to elect to be issued any of the Common Shares which underlay the granted Incentive Shares until such time as the granted Incentive Shares have vested in accordance with the vesting terms provided for in the incentive agreement between the Participant and Touchstone. The Board may, in its sole discretion at any time, accelerate vesting of Incentive Shares previously granted.

Upon the vesting of Incentive Shares, the Common Shares to which a Participant is entitled to receive pursuant to the Incentive Shares will not be issued until the Participant has delivered to Touchstone an election in writing that the Common Shares be issued together with payment of \$0.05 for each such Common Share to be issued.

In the event of the Participant ceasing to be a director, officer, employee or consultant of Touchstone or its subsidiaries for any reason other than death (including the resignation or retirement of the Participant as a director, officer or employee of Touchstone or the termination by Touchstone of the employment of the Participant or the termination by Touchstone or the Participant of the consulting arrangement with the Participant), unvested Incentive Shares shall cease and terminate on the date notice of ceasing to be a director, officer, employee or consultant is given, and vested Incentive Shares held by such Participant shall cease and terminate and be of no further force or effect the earlier of the 30th day following: (i) the effective date of such resignation or retirement; (ii) the date the notice of termination of employment is

given by Touchstone; or (iii) the date the notice of termination of the consulting arrangement is given by Touchstone or the Participant, as the case may be. Notwithstanding the foregoing, in the event of termination for cause, such Incentive Shares shall cease and terminate immediately upon the date notice of termination of employment for cause is given by Touchstone and shall be of no further force or effect whatsoever as to the Common Shares underlying an Incentive Share that has not previously been exercised.

If a Participant dies, the legal representatives of the Participant may exercise the Incentive Shares held by the Participant within a six (6) month period following the death of the Participant, provided that such period shall not exceed the expiry date of such Incentive Shares.

A Participant shall have no right to receive Common Shares underlying Incentive Shares granted to him or her that have not been issued on the date that is ten (10) years following the date of grant or such earlier date as determined by the Board.

In the event that any Incentive Share expires during, or within two business days after, a self-imposed blackout period on trading securities of Touchstone, such expiry date will be deemed to be extended to the tenth day following the end of the blackout period.

The Incentive Share Plan provides that the number of Common Shares issuable to a Participant with respect to the vested Incentive Shares held by such Participant may, at Touchstone's election in its sole discretion, be increased on each date on which a cash dividend (if applicable) is paid to Shareholders by an amount equal to the product of the number of the vested Incentive Shares held by the Participant and the fraction which has as its numerator the cash dividend paid, expressed as an amount per Common Share, and which has as its denominator the weighted average trading price of the Common Shares on the TSX for the five (5) trading days preceding the record date for such dividend.

A maximum of 2,000,000 Common Shares may be issued pursuant to the exercise of Incentive Shares. In addition, no Incentive Shares may be issued to a Participant under the Incentive Share Plan if such issuance could result, at any time, in: (i) the number of Common Shares reserved for issuance pursuant to the Incentive Share Plan and all other established or proposed share compensation arrangements in respect of Common Shares granted to Insiders exceeding 10% of the aggregate issued and outstanding Common Shares of Touchstone, (ii) the issuance to Insiders pursuant to the Incentive Share Plan and all other established or proposed share compensation arrangements, within a one year period, of a number of Common Shares exceeding 10% of the aggregate issued and outstanding Common Shares of Touchstone, or (iii) the issuance pursuant to the Incentive Share Plan and all other established or proposed share compensation arrangements to any one Insider, or such Insider's associates, within a one year period, of a number of Common Shares exceeding 5% of the aggregate issued and outstanding Common Shares of Touchstone. Grants of Incentive Shares and Stock Options to non-employee directors pursuant to the Incentive Share Plan and pursuant to the Stock Option Plan must not exceed an annual value in excess of \$100,000 annually, based on the value at the time of the grant of such share-based compensation.

In the event that a change of control of Touchstone, as defined in the Incentive Share Plan, is contemplated or has occurred, all Incentive Shares which have not otherwise vested in accordance with their terms shall vest and be exercisable at such time as is determined by the Board, notwithstanding the other terms of the Incentive Shares.

A Participant may offer to dispose of his or her vested Incentive Shares to Touchstone for cash in an amount not to exceed the fair market value, and Touchstone has the right, but not the obligation, to accept the Participant's offer.

Incentive Shares granted to Participants under the Incentive Share Plan are non-assignable without the consent of Touchstone.

The Board may amend, modify or terminate the Incentive Share Plan and amend or modify any Incentive Share agreement at any time, without Shareholder approval, provided that:

- the consent of the applicable Participants must be obtained for any amendment that would adversely affect any outstanding Incentive Shares; and
- the approval of the holders of a majority of Common Shares must be obtained for any amendment that would have the effect of:
 - increasing the number of Incentive Shares that may be granted under the Incentive Share Plan;
 - increasing the number of Common Shares that may be reserved for issuance under the Incentive Share Plan;
 - permitting the transferability of Incentive Shares, except pursuant to normal estate settlement purposes;
 - reducing the payment required to be made by a Participant to Touchstone in the amount of \$0.05 for each Common Share issued pursuant to each Incentive Share held;
 - extending the term of Incentive Shares granted beyond their original expiry date;
 - changing the limits to the grant of Incentive Shares already established pursuant to the Incentive Share Plan with respect to non-employee director participation and Insiders; and
 - amending the amendment provisions of the Touchstone Incentive Share Plan.

The Incentive Share Plan provides that appropriate adjustments in the number of Common Shares issuable on the vesting of an Incentive Share shall be made by the Board to take into account any capital reorganizations of Touchstone.

CORPORATE GOVERNANCE

NI 58-101 requires reporting issuers to disclose their corporate governance practices with reference to a series of guidelines for effective corporate governance set forth in National Policy 58-201 - *Corporate Governance Guidelines*.

The Board is responsible for governance of Touchstone. The Board and Touchstone's management consider good corporate governance to be central to the effective and efficient operation of Touchstone. Below is a discussion of Touchstone's approach to corporate governance.

Board of Directors

The Board facilitates its exercise of independent supervision over management by ensuring that the Board includes independent directors. The Board, at present, is composed of seven (7) directors, five (5) of whom are currently considered to be independent.

To provide leadership for its independent directors, the Board ensures that the independent directors have access to the management of Touchstone. Further, at Touchstone's expense, the Board or any committee of the Board may retain, when it considers it necessary or desirable, outside consultants or advisors to advise the Board or any committee of the Board independently on any matter. The Board and any committee of the Board have the sole authority to retain and terminate any such consultants or advisors, including sole authority to review a consultant's or advisor's fees and other retention terms.

The Board is specifically responsible for approving long-term strategic plans and annual operating plans and budgets recommended by management. Board consideration and approval are also required for all material contracts, business transactions and all debt and equity financing proposals. The Board delegates to management, through the offices of the President and Chief Executive Officer, responsibility for meeting defined corporate objectives, implementing approved strategic and operating plans, carrying

on Touchstone's business in the ordinary course, managing Touchstone's cash flow, evaluating new business opportunities, recruiting staff and complying with applicable regulatory requirements. The Board also looks to management to furnish recommendations relating to corporate objectives, long-term strategic plans and annual operating plans.

Mandate of the Board

The Board and each of its committees have written mandates. Refer to Appendix "A" of this Information Circular for the full text of the mandate of the Board. The Board has the responsibility to oversee the conduct of the business of Touchstone and has delegated the responsibility for the day-to-day conduct of the business to the Chief Executive Officer and other members of management, subject to compliance with plans and objectives that may be approved from time to time by the Board.

Composition of the Board

The Board is currently comprised of seven (7) members, a majority of five (5) of whom are considered independent. Messrs. Mitzel, McKinnon, Ruttan, Valentine and Dr. Vredenburg are independent directors. Touchstone has proposed seven (7) nominees for election at the Meeting to serve as directors until the earlier of the next annual meeting of Shareholders, all of which are current directors of the Company.

Mr. Baay is not considered an independent director as he would be considered to have a "material relationship", as defined in National Instrument 52-110 - *Audit Committees* ("**NI 52-110**"), with Touchstone as Mr. Baay is the current President and Chief Executive Officer. Mr. Wright is the Chairman of the Board and is not considered an independent director as he would be considered to have a "material relationship" (as defined in NI 52-110) with Touchstone as Mr. Wright was the former Chief Executive Officer of Petrobank Energy and Resources Ltd in 2014.

As the Board does not have an independent chairman or an independent lead director, the Board utilizes the following mechanisms to deal with any perceived conflicts of interests. In the case of a perceived conflict of interest, the conflicted director will abstain from voting. In the case of a material issue where the Chairman has a perceived conflict of interest, the Board will form a special sub-committee to fulfill the duties and responsibilities normally fulfilled by the Chairman and to provide leadership to the independent directors on that particular issue.

Board Meetings

The Board is scheduled to meet on a quarterly basis, with additional meetings held as appropriate or required. The Board also meets as necessary to consider specific developments or opportunities as they arise. Where appropriate, key management personnel and professional advisors are invited to attend meetings to speak to these issues. While the Board does not hold regularly scheduled meetings comprised solely of independent directors, a portion of many Board meetings consists of an "*in camera*" session of the independent directors, where members of management of Touchstone are not in attendance.

Board Meeting Attendance

During January 1 to December 31, 2015, the Board held a total of six (6) meetings; the Audit Committee held four (4) meetings; the Compensation Committee held one (1) meeting; and the Reserves Committee held one (1) meeting. The following table sets forth the attendance for the existing directors of Touchstone:

Director	Board Meetings Attended / Held	Audit Committee Meetings Attended / Held	Compensation Committee Meetings Attended / Held	Reserves Committee Meetings Attended / Held	Overall Attendance (%)
Paul R. Baay	6/6	4/4	1/1	1/1	100

Dr. Harrie Vredenburg	6/6	n/a	1/1	1/1	100

Notes:

1. Mr. Smith ceased to be a director on May 20, 2015.
2. Mr. Valentine was appointed a director on May 20, 2015.

Majority Voting Policy

Shareholders should note that the form of proxy allows for voting for individual directors rather than for directors as a slate. In addition, the Board adopted a majority voting policy effective March 11, 2013 (the "**Majority Voting Policy**"), pursuant to which, in an uncontested election of directors, a director who receives more "withhold" votes than "for" votes at the annual meeting of Shareholders will tender his or her resignation to the Chair of the Board, to be effective upon acceptance by the Board. The Board will expeditiously consider the director's offer to resign and consider whether or not to accept the offer. The Board announces it in a news release within ninety (90) days following the annual meeting, including the reasons for its decision. A director who tenders a resignation pursuant to this policy will not participate in a meeting of the Board at which the resignation is considered. Touchstone expects that any such resignation will be accepted by the Board unless special circumstances exist that warrant the resigning director continuing to serve on the Board. For this reason, unless such special circumstances exist, a withhold vote in respect of a director is equivalent to voting against the election of such director.

Director Participation with Other Reporting Issuers

Certain Touchstone directors and proposed nominees are also directors of other reporting issuers (or equivalent) in a jurisdiction or a foreign jurisdiction as follows:

Name	Reporting Issuer (or equivalent in a foreign jurisdiction)
Paul R. Baay	Veraz Petroleum Ltd.
Kenneth R. McKinnon	Alvopetro Energy Ltd. Lightstream Resources Ltd.
Trevor Mitzel	---
Corey C. Ruttan	Alvopetro Energy Ltd. Lightstream Resources Ltd.
Thomas E. Valentine	---
Dr. Harrie Vredenburg	---
John D. Wright	Alvopetro Energy Ltd. Hawk Exploration Ltd. Lightstream Resources Ltd.

Committees of the Board

The Board has three committees: the Audit Committee, the Reserves Committee and the Compensation Committee. All of the committees of the Board operate under written mandates. The Board may also form independent or special committees from time to time to evaluate certain transactions.

The primary function of the Audit Committee is to assist the Board in fulfilling its responsibilities by reviewing: the financial reports and other financial information provided by Touchstone to any regulatory body or the public; Touchstone's systems of internal controls regarding preparation of those financial statements and related disclosures that management and the Board have established; and Touchstone's auditing, accounting and financial reporting processes generally.

The purpose of the Compensation Committee is to assist the Board in fulfilling its responsibility by reviewing and evaluating matters relating to compensation of the directors, officers and employees of Touchstone in the context of the budget and business plan of Touchstone.

The primary function of the Reserves Committee is to assist the Board in the selection, engagement and instruction of an independent reserves evaluator for Touchstone, ensuring there is a process in place to provide all relevant reserves data to the independent reserves evaluator and monitoring the preparation of the independent reserves evaluation of Touchstone.

Position Descriptions

The Board has adopted a formal written position description for the Chief Executive Officer of Touchstone and for the Chairman of the Board, which sets out the duties and responsibilities of such positions. The Chief Executive Officer is charged with the general oversight and management of Touchstone. The Chair of each committee of the Board is charged with leading and assessing each committee to ensure it fulfills its mandate as set out in the committee terms of reference.

Orientation and Continuing Education

The Board provides an informal orientation program for all new directors. New members of the Board are provided with background information about Touchstone's business, current issues and corporate strategy. New members of the Board also receive a copy of Touchstone's vision and values statement (the "**Vision and Values statement**"). In addition, Touchstone expects its directors to be informed about issues affecting Touchstone's business and the industry in which Touchstone operates, and as such, all directors are encouraged to attend, at the expense of Touchstone, applicable educational programs. Educational programs are also provided for directors on an "as requested" basis. As well, all directors have unrestricted direct access to any member of senior management and their staff at any time.

The Board believes that these procedures are practical and effective in light of Touchstone's particular circumstances, including the size of the Board, the size of Touchstone, the nature and scope of Touchstone's business and operations and the experience and expertise of Board members.

Ethical Business Conduct

Touchstone has in place a written Vision and Values statement, which outlines Touchstone's commitment to safety, Shareholder value, its employees, the environment and integrity. Management of Touchstone and the Board are of the view that the Vision and Values statement encourages and promotes a culture of ethical business conduct within Touchstone. A copy of the Vision and Values statement can be obtained free of charge by writing to the Chief Financial Officer of Touchstone.

The Board has adopted an extensive Disclosure, Confidentiality and Trading Policy to which all directors, officers and employees are subject. This policy encourages ethical conduct in that it reflects the importance of confidentiality in respect of Touchstone's activities and restricts trading in the securities of Touchstone at times when individuals may be in possession of material non-public information.

Touchstone also has written policies in place in respect of conduct, privacy, harassment, anti-corruption, ethics and whistle-blowing. Compliance with Touchstone's various policies is monitored by management of Touchstone, with reports to the Board if necessary.

Management prepares informational memos that are distributed to all staff members on topics that are relevant to Touchstone and the applicable legislation under which Touchstone operates.

Board members must disclose any potential conflicts of interest in respect of matters addressed at Board meetings. Each member of the Board must disclose all actual or potential conflicts of interest and refrain from voting on matters in which such director has a conflict of interest.

Nomination of Directors

The Board is charged with the responsibility of recommending and approving nominees for appointment as directors. The Board considers the skills and qualifications of existing directors and the long-term needs of Touchstone in respect of the Board and each of the committees of the Board. The Board will typically identify potential candidates and review the qualifications of such potential candidates in the first quarter meeting of each year. In particular, the Board assesses, among other factors, industry experience, functional expertise, financial literacy and expertise, board experience and diversity of background, and considers potential conflicts arising in connection with potential candidates. Upon such review, and after conducting appropriate due diligence, the Board will approve candidates.

Touchstone does not currently have a policy regarding term limits for directors. Board composition is assessed by the Board as required to ensure that the Board has the right mix of skills and experience that will enable the Board to provide strong stewardship for the Company.

Board appointments are determined by finding the best-suited individual based on merit and the requirements of the Board at that time. Touchstone does not differentiate by race, colour, ethnicity, religion, gender, sexual orientation or any other aspect. Board nominations and appointments are assessed based upon the merits of the candidates, in the context of the skills, experience and independence which the Board requires in order to be effective and which the Board considers to be in the best interest of the Company. While Touchstone recognizes the benefits of diversity at all levels within its organization, for the reasons noted above, the Company does not currently have any targets, rules or formal policies that specifically require the identification, consideration, nomination or appointment of female board nominees or candidates for executive management positions or that would otherwise force the composition of the Board.

Senior Management Appointments

When considering candidates for senior management positions, Touchstone focuses on attracting and retaining experienced and highly skilled individuals that can add value to its business. Rather than considering the level of representation of women in executive officer positions when making executive officer appointments, Touchstone considers all candidates based on their merit and qualifications relevant to the specific role.

While Touchstone recognizes the benefits of diversity at all levels within its organization, for the reasons noted above, Touchstone does not currently have any targets, rules or formal policies that specifically require the identification, consideration, nomination or appointment of female board nominees or candidates for executive management positions or that would otherwise force the composition of the Company's executive management team.

Currently, Touchstone does not have any women who are executive officers of the Company and there are currently no women on the Board.

Board Assessments

The Board does not formally review the contributions of individual directors; however, it believes that its current size facilitates informal discussion and evaluation of members' contributions within that framework. The Board expects management to operate the business of Touchstone in a manner that enhances Shareholder value and is consistent with the highest level of integrity. Management is expected to execute Touchstone's business plan and to meet performance goals and objectives.

The Board shall mandate the Corporation's Corporate Secretary and professional advisors to keep it apprised of developing corporate governance issues and shall, each year after the annual shareholder meeting of the Corporation, review the sufficiency of the Corporation's corporate governance policies and procedures.

The Board retains overall responsibility to identify and recommend suitable candidates for nomination for election as directors of the Corporation, consider the competencies and skills the Board, as a whole, should possess.

22. Mandate Review

This mandate shall be reviewed and approved by the Board each year.

Approved and adopted by the Board of Directors on June 3, 2014

Role and Objective

The Audit Committee is a committee of the Board of Directors of Touchstone Exploration Inc.
